

Subject: Update on Animal Health Products Moving from Tetracore to VMRD

Dear Customer,

Tetracore and VMRD are pleased to announce an exciting development in our commitment to serving the animal health community. VMRD has acquired the animal health portfolio from Tetracore, expanding VMRD's offerings.

Our teams will work closely together to ensure a smooth and seamless transition for our customers. A full list of these products is included in this letter. While ownership of the products is changing, our shared priority is continuity for our customers.

The only change that impacts you is how you order and who you contact for support:

- Products will now be available to order through VMRD. Orders can be placed via phone (509.334.5815), email (order@vmrd.com), or by submitting an online quote request at vmrd.com.
- During the transition period, orders placed with VMRD will continue to ship from Tetracore's facility until manufacturing has transitioned to VMRD.
- Orders placed with VMRD will be invoiced by VMRD and payable to VMRD. Previous orders placed with Tetracore and invoiced by Tetracore remain payable to Tetracore.
- Customer service and technical support will be available through VMRD (support@vmrd.com), with Tetracore assisting behind the scenes.

VMRD has been supporting veterinarians, laboratories, and animal-health professionals for 45 years. Tetracore has built trusted diagnostic tools and strong customer relationships. Together, we are committed to making this transition as simple and easy as possible for you.

A member of the VMRD Sales Team will be in touch with you in the near future. If you have questions, please reach out to us or visit our exhibit during the upcoming AAVLD conference.

Warm regards,

Ethan Adams
CEO
VMRD, Inc.

Dr. Bill Nelson
President & CEO
Tetracore, Inc.

PRODUCT CATALOG #	PRODUCT NAME
TC-9003-096	WNV 2.1 Real-Time RT-PCR Assay
TC-9057-064	CSF Dry Real-Time RT-PCR Assay with Internal Control
TC-9014-100	MAP Extraction System
TC-9063-192	EZ-PRRSV™ MPX 5.0 (No ROX)
TC-9060-096	EZ-PRRSV™ MPX 5.0 (with ROX)
TC-9128-192	EZ-PRRSV/Flu A MPX 2.0
TC-9082-096	EZ-PED/TGE/PDCoV 1.2 (No ROX)
TC-9083-192	EZ-PED/TGE/PDCoV 1.2 (with ROX)
TC-9120-192	EZ-PED and PED INDEL Real-Time RT-PCR Assay
TC-9139-192	EZ-Universal Flu A 2.1 Real-Time RT-PCR Assay
TC-9079-192	EZ-SVA 1.1 Real-Time RT-PCR Assay
TC-9115-192	EZ-M Hyo Real-Time RT-PCR Assay
TC-9119-480	MagBead Total Nucleic Acid Extraction Kit
TC-9123-100	DNA Internal Control System
TC-9122-100	RNA Internal Control System
TC-9143-096	EZ-Series Internal Control
TC-9144-192	EZ-B. hyo/hamp/pilo MPX 1.0 Real-Time RT-PCR Assay
TC-9141-001	EZ-Series Complete Positive Control
TC-4093-002	African Swine Fever Virus (ASFV) Serum Antibody Test Kit Indirect ELISA
TC-4109-002	African Swine Fever Virus (ASFV) Oral Fluids Antibody Test Kit Indirect ELISA
TC-9081-064	FMDV 2.1 Dry Real-Time RT-PCR Assay with Internal Controls
TC-9113-064	ASF 3.0 Dry Real-Time RT-PCR Assay with Inhibition and Endogenous Control
TC-9828-100	Mycobacterium Avium subspecies Paratuberculosis DNA Test Kit, Polymerase Chain Reaction
TC-9096-096	African Swine Fever Virus DNA Test Kit
TC-9100-096	Foot and Mouth Disease Virus RNA Test Kit
TC-9116-096	EZ-M. Hyo control
TC-9121-096	EZ-PED and PED Indel Differential Assay Control
TC-9132-096	EZ-PED/TGE/PDCoV MPX 1.2 Control Set
TC-9133-096	EZ-PRRSV MPX 5.0 Control Set
TC-9062-001	EZ-PRRSV MPX5.0 Quantification Standards
TC-9134-096	EZ-PRRSV/FLU A 2.0 Control Set
TC-9080-096	EZ-Seneca Valley Virus A Control Set
TC-9140-096	EZ-Universal FLU A 2.1 Control Set
TC-9108-096	EZ-WNV Control Set
